

Suryamitra Skill Development Program

The National Institute of Solar Energy (NISE), an autonomous institution under Ministry of New and Renewable Energy (MNRE), is the apex National R&D institution in the field of Solar Energy. The programme aims to develop the skills of youth, considering the opportunities for employment in the growing Solar Energy Power project's installation, operation & maintenance. The Suryamitra Programme is also designed to prepare the candidates to become new entrepreneurs in Solar Energy sector. The Suryamitra Skill Development Programmes are sponsored by Ministry of New & Renewable Energy, Government of India.

Industry Training is an integral a part of Suryamitra Skill Development Program. In collaboration with various institute GSE working as an industry partner to organise internship programme as per the course curriculum. Highlights are as follows:

- Providing hand on practical training to Suryamitras in various Solar Energy Project.
- Training on Site Survey, Load calculation, System Design and Configuration of solar power plant.
- Hands on training on installation on SPV Power plant and other solar photovoltaic devices.
- Training on Trouble shooting and maintenance of solar power plant.
- Visit to various installation sites and providing showing various types of installation.
